See page 22 of the instructions for further explanations regarding contributory and reimbursement methods of making payments to the Unemployment Compensation Fund.

SECTION 14 – PREDECESSOR/SUCCESSOR INFORMATION

Predecessor: An enterprise that transfers all or part of its organization, trade, business or workforce to another enterprise.

Successor: An enterprise that acquires by transfer all or part of the organization, trade, business or workforce from another enterprise.

The registering enterprise may apply for the Unemployment Compensation (UC) experience record and reserve account balance of the predecessor by completing Section 15, Application for PA UC Experience Record & Reserve Account Balance of Predecessor.

The Department of Labor & Industry may determine that a transfer of experience from a predecessor to the registering enterprise will be mandatory provided there is common ownership, management or control, either directly or indirectly between the predecessor and the registering enterprise.

1-5. Provide predecessor information as requested on the form.
6. Check the appropriate box to indicate how the predecessor’s business was acquired.

SECTION 15 – APPLICATION FOR PA UC EXPERIENCE RECORD & RESERVE ACCOUNT BALANCE OF PREDECESSOR

If the registering enterprise is continuing essentially the same business activity as the predecessor, the registering enterprise may apply for a transfer in whole or in part of the predecessor’s Unemployment Compensation (UC) experience record and reserve account balance, provided that:

- The registering enterprise is continuing essentially the same business activity as the predecessor;
- The business transfer, acquisition or merger was not undertaken solely or primarily to obtain a lower UC contribution rate, and;
- The registering enterprise’s risk of unemployment is related to the employment experience of the predecessor based upon the following factors:
  - Nature of the business activity of each enterprise
  - Number of individuals employed by each enterprise
  - Wages paid to the employees by each enterprise

It is important to consider more than the predecessor’s existing rate. The benefit charges attributed to the business acquired from the predecessor may have an adverse effect on future rate calculations.

The basic contribution rate for a newly liable non-construction employer is 3.5 percent (.0350). The basic contribution rate for newly liable employers involved in the performance of a contract or sub-contract for the construction of new roads, bridges, highways, buildings, factories, housing developments, or other construction projects is 9.7 percent (.0970).

For any given calendar year, newly liable contribution rates are subject to a positive or negative surcharge according to Sections 301.5 and 301.7 of the PA UC Law.

To be considered timely, an Application for the Transfer of the Experience Record & Reserve Account Balance of a Predecessor must be filed prior to the end of the calendar year immediately following the year in which the transfer occurred.
1-2. Complete only to apply for the predecessor’s experience record and reserve account balance. If the predecessor’s signature is unavailable, contact the nearest Department of Labor & Industry Field Accounting Service Office for additional information.

If the Department of Labor & Industry determines that a transfer of experience is mandatory, the registering enterprise will be required to complete this section and Form UC-252.

2. For each calendar quarter in the table, enter the number of employees who earned taxable wages in the part of the predecessor’s PA business or workforce that was transferred.
