

## WHY FILE ELECTRONICALLY?

**SAFE:** Regardless of the option you choose, the department protects your information with the latest security safeguards. Revenue's electronic filing systems are secure and protected with the industry standard for online banking and trading, 128-bit secure socket layer encryption.

**EASY:** The systems perform the math calculations for you.

**FAST:** The department processes electronic returns and payments much faster than paper filings.

**CONFIRMATION:** Upon filing with TeleFile, the department immediately gives you a confirmation number as proof that you filed, while e-TIDES allows users to verify receipt and processing of submissions.

**FILE NOW, PAY LATER:** If you owe tax, you can have your tax payment deducted electronically from an account you designate. This option allows you to determine the date you want to pay your tax. You can pay when you file or you can delay your payment until the due date.

**NOTHING TO MAIL:** Those filing and paying electronically often do not have to mail anything to the department.

## ELECTRONIC SERVICES FOR PA BUSINESSES

*Save Time.  
File and Pay  
Online.*

## BUSINESS REGISTRATION

Visit [www.business.pa.gov](http://www.business.pa.gov) for information on how to register for the following taxes and services:

- Employer Withholding;
- Sales, Use and Hotel Occupancy Tax (state and local);
- Promoter Licenses;
- Transient Vendor Certificates;
- Workers' Compensation Coverage;
- Wholesaler Certificates; and
- Unemployment Compensation.

### Online PA-100 Enterprise Registration

For those who know the taxes and services for which they need to register, visit [www.pa100.state.pa.us](http://www.pa100.state.pa.us). This method allows a business to register for taxes and services with the departments of Revenue and Labor & Industry. However, this method does not offer registration with the Department of State.

## ELECTRONIC FILING AND PAYMENT OPTIONS

### Free Filing Options:

The PA Department of Revenue offers two, free electronic options for filing various PA business taxes: e-TIDES, available at [www.etides.state.pa.us](http://www.etides.state.pa.us) and TeleFile (1-800-748-8299).

- **e-TIDES**

e-TIDES is a secure website for electronically filing a variety of business tax returns and payments (for sales tax, employer withholding, corporation taxes, vehicle rental tax and Public Transportation Assistance Fund taxes and fees) and reporting W-2 data.

e-TIDES provides businesses the opportunity to view filing history online; obtain access for multiple users/enterprises; and upload multiple registrations, returns, payments and W-2 Wage statements. e-TIDES also allows users to verify submissions were received and processed; change contact/filing information; and complete out-of-business filings.

- **TeleFile**

Businesses without Internet access can use a touch-tone phone to electronically file a variety of business tax returns and payments including those for sales tax, employer withholding, vehicle rental tax and Public Transportation Assistance Fund taxes and fees. Additionally, payments for corporation taxes, little cigar tax, malt beverage tax and department assessments may be made via TeleFile. TeleFile is available free of charge, 24 hours a day and requires no registration.

Both services offer businesses the ability to file returns and payments together or separately; file now and pay later; file amended returns for some business taxes; and file W-2 wage statements.

### Third-Party Vendor e-File Software

Businesses also may file sales, use and hotel occupancy returns, employer withholding returns and PA corporate tax reports, payments and supporting schedules electronically using approved vendor software products.

Visit the department's Business Tax e-Services Center at [www.revenue.pa.gov](http://www.revenue.pa.gov) for a list of authorized vendors and products.

## Electronic Payment Options

Tax obligations, including estimated payments, may be paid electronically by credit or debit card or by electronic funds transfer. For details on electronic payment options, visit the department's Business Tax e-Services Center at [www.revenue.pa.gov](http://www.revenue.pa.gov).

## REVENUE E-SERVICES CENTER

Visit the Revenue e-Services Center at [www.revenue.pa.gov](http://www.revenue.pa.gov) to access all of the department's electronic services for individuals and businesses.

- Register businesses.
- Learn more about electronic filing and payment options.
- Calculate penalties and interest due.
- File a petition or electronic intent to appeal.
- File the public utility realty tax.
- Access the department's Online Customer Service Center and search a knowledgebase of tax information to find answers to commonly asked tax questions. Taxpayers may also submit questions to customer service support staff and share feedback about the Department of Revenue and its services.
