Officer Last Name, Officer First Name, Title of Officer, Social Security Number of Officer, Phone, Email

I affirm under penalties prescribed by law, this report, including any accompanying schedules and statements, has been examined by me and to the best of my knowledge and belief is a true, correct and complete report. If this report is an amended report, the taxpayer hereby consents to the extension of the assessment period for this tax year to one year from the date of filing of this amended report or three years from the filing of the original report, whichever period last expires, and agrees to retain all required records pertaining to that tax and tax period until the end of the extended assessment period, regardless of any statutory provision providing for a shorter period of retention. For purposes of this extension, an original report filed before the due date is deemed filed on the due date. I am authorized to execute this consent to the extension of the assessment period.

**RCT-132B SCHEDULE A1  
RECEIPTS FACTOR FOR BANK SHARES TAX**

CORPORATION NAME: \_\_\_\_\_ TAX PERIOD: **01/01/** \_\_\_\_\_

Act 52 of 2013 changed the manner in which institutions calculate bank shares tax, requiring institutions to include receipts from trading and investment assets/activities in the numerator of the receipts factor by choosing one of two alternate methods referenced in the statute as Method 1 or Method 2.

The taxpayer **must** complete this schedule to indicate which method is used to calculate the numerator of the receipts factor. This method must be used on **all** subsequent reports unless the Department of Revenue grants **PRIOR** approval to change methods. If you are changing your method, provide a copy of the revenue approval with the report (see instructions).

After the calculation is completed, the numerator must be carried to RCT-132B, Page 3, Schedule A, Line 13a

Taxpayers having **only trading assets/activities**: check here for Method 1.

Taxpayers having **only investment assets/activities** OR **both trading and investment assets/activities**: check here for Method 2.

**Method 1 Numerator Calculation**

|                                               |          |                                                                                                                                                                                                                                                                 |          |                         |
|-----------------------------------------------|----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|-------------------------|
| Total receipts from trading assets/activities | <b>X</b> | $\frac{\text{All other PA receipts}}{\text{All other receipts}}$                                                                                                                                                                                                | <b>=</b> | Line13a<br>PA numerator |
|                                               | <b>X</b> | <div style="border: 1px solid black; width: 100%; height: 25px; margin-bottom: 2px;"></div> <div style="border: 1px solid black; width: 100%; height: 25px; margin-bottom: 2px;"></div> <div style="border: 1px solid black; width: 100%; height: 25px;"></div> | <b>=</b> |                         |

**Method 2 Numerator Calculation**

|                                                              |          |                                                                                                                                                                                                                                                                 |          |                         |
|--------------------------------------------------------------|----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|-------------------------|
| Total receipts from investment and trading assets/activities | <b>X</b> | $\frac{\text{Average value of PA assets that produce the receipts}}{\text{Average value of all such assets}}$                                                                                                                                                   | <b>=</b> | Line13a<br>PA numerator |
|                                                              | <b>X</b> | <div style="border: 1px solid black; width: 100%; height: 25px; margin-bottom: 2px;"></div> <div style="border: 1px solid black; width: 100%; height: 25px; margin-bottom: 2px;"></div> <div style="border: 1px solid black; width: 100%; height: 25px;"></div> | <b>=</b> |                         |
