

NEW FOR 2012

- RCT-143 has been redesigned and is no longer year-specific.
- Line-by-line instructions for the RCT-143 are now available.
- RCT-143 is available as a fill-in form on the department's website at www.revenue.state.pa.us.
- **Revenue ID:** For the 2012 tax year, a corporation's Revenue ID is its seven-digit PA Tax Account ID OR a new, unique, 10-digit number assigned by the department to a taxpayer, separate from any federally issued identification number(s) or Pennsylvania license number(s).

As the department transitions to an integrated tax system, a 10-digit Revenue ID number will be assigned and communicated to each taxpayer. A corporation's PA Tax Account ID will continue to be accepted by the department on tax forms and schedules, but upon assignment of a 10-digit Revenue ID to a taxpayer, the department will begin using the 10-digit Revenue ID on outbound correspondence in lieu of referencing the Tax Account ID.

REMINDER

- REV-1175, Schedule AR, (explanation for amending) must be included when filing an amended report.
- One estimated payment coupon (REV-423) and one extension coupon (REV-426) will be used for all specialty taxes. The coupons and the tax report (RCT-143) will no longer be mailed. These forms are available as fill-in documents on the department's website at www.revenue.state.pa.us. The REV-423 and REV-426 coupons can be filed electronically through e-TIDES at www.etides.state.pa.us. However, electronic filing of the tax report is not available. The report should be completed using the computer-based fill-in form, printed and submitted by mail to the department. The form can be saved electronically for your records.

Mutual thrift institutions are exempt from all other Pennsylvania corporate taxes and local taxes except taxes on real estate and real estate transfers. Estimated Payment Instructions

All accounts are expected to remit estimated prepayments toward the final liability a corporation estimates is due for the taxable year. Estimated payments for mutual thrift institutions tax are due on the 15th day of the third, sixth, ninth and twelfth month following the close of the tax year. Tax remaining due at the close of the taxable year must be paid by the 15th day of the fourth month following the close of the tax year.

Should a corporation realize estimated tax is underpaid, additional payments should be submitted to minimize underpayment penalty. Underpayment is measured against 90 percent of the tax reported due for the taxable year. However, if the final total tax increases the self-reported tax by 10 percent or more, the underpayment will be measured against 90 percent of the final total tax. The period of underpayment is measured from the due date of the installment to the date the underpayment is paid or the date the safe harbor is satisfied. A corporation may avoid interest charges by timely paying estimated tax equal to the liability in the second-prior taxable year (safe harbor). This amount must be adjusted to reflect the tax rate and law for the estimated tax year and must reflect the total liability if it exceeds the self-reported liability by 10 percent or more. Where the second-prior year is a short period, the safe harbor is annualized. Second year corporations may use the immediate prior year (annualized if necessary) as the base year for the safe harbor. Mail the estimated payment coupon (REV-423) separately from all other forms.

If you have questions regarding estimated payments, call the Accounting Division at 717-705-6225 (Option 5, then Option 1 or 3).

Extension Request Due Date

To request a due date extension of up to six months to file the annual report, you must file an extension request (REV-426) by the original report due date. However, an extension of time to file does not extend the deadline for payment of tax and an extension request must be accompanied by payment of taxes owed for the taxable year for which the extension is requested. Mail the extension coupon separately from all other forms. A taxpayer using an electronic method to make a payment with an extension request should not submit the extension coupon. Do not use the extension coupon to remit other unpaid liabilities or commonwealth obligations within the account.

Payment and Mailing Information

Remittance should include tax plus interest and penalty, if applicable. Penalty and interest calculators can be found at www.revenue.state.pa.us. Payments of \$10,000 or more must be remitted electronically. For more information on electronic payment options, visit www.etides.state.pa.us. Payments under \$10,000 may be remitted by mail, made payable to the PA Department of Revenue.

Mail payments, extension requests and Tax Report, RCT-143, to the following address:

PA DEPARTMENT OF REVENUE
PO BOX 280407
HARRISBURG, PA 17128-0407

Current Period Overpayment

If an overpayment exists on Page 1 of the RCT-143, the taxpayer must instruct the department to refund or transfer overpayment as indicated below.

Refund: Identify the amount to refund from the current tax period overpayment. Prior to any refund, the department will offset current period liabilities and other unpaid liabilities or commonwealth obligations within the account.

Transfer: Identify the amount to transfer from the current tax period overpayment to the next tax period for estimated tax purposes. Prior to any transfer, the department will offset current period liabilities and other unpaid liabilities or commonwealth obligations within the account.

NOTE: If no option is selected, the department will automatically transfer any overpayment to the next tax year for estimated tax purposes after offsetting current period liabilities and other unpaid liabilities or commonwealth obligations within the account.

Page 4 - Schedule D - Apportionment**Who may apportion?**

A financial institution may apportion its taxable shares or net income if the institution is or could be subject to tax in another state based on or measured by net worth, gross receipts, net income or another similar base of taxation.

How is the apportionment fraction calculated?

The apportionment percentage is an average of payroll, receipts and deposits.

Payroll Factor

Line 1 - The numerator (a) is total wages paid in Pennsylvania and the denominator (b) is the total wages paid in all states. Wages are paid in a state if paid to an employee having regular presence therein.

Receipts Factor - The numerator (a) is total receipts in Pennsylvania and the denominator (b) is the total receipts in all states. Receipts do not include principal repayments on loans or credit, or travel or entertainment cards. Receipts from the sale or disposition of property include only the net gain from the sale.

Determine the location of receipts as follows:

Line 2 - Receipts from loans are located at the place of origin. Receipts from loans primarily secured by real property are assigned to the state in which the predominant portion of such property is located, if the institution has an office in that state at which application, negotiation, approval or administrative responsibility occurs. Receipts from all other loans are assigned to the state of residency or commercial domicile of the borrower, if the institution has an office in that state at which application, negotiation, approval or administrative responsibility occurs. Otherwise, receipts from loans are assigned to the state where the office is located that treats the loan as an asset on its books or records.

Line 3 - A receipt from performance of services is located in the state where the services are performed. If services are performed in more than one state, the receipts located in each state must be measured by the ratio of time spent performing such services in one state to the total time spent performing services in all states. The time spent performing services in a state is the time spent by employees having a regular presence in the state performing such services.

Line 4 - Receipts from lease transactions are located in the state where the leased property is located.

Line 5 - Interest or service charges – excluding merchant discounts from credit, travel and entertainment card receivables and credit card holders' fees – are located in the state where the credit card holder resides. If the taxpayer is a corporation maintaining a commercial domicile, such charges are in the state of the card holder's commercial domicile. Otherwise, receipts are located in the state where the institution maintains an office that treats such receivables as assets on its books or records.

Line 6 - Interest, dividends and net gains from the sale or disposition of intangibles, excluding receipts described elsewhere in this section, are located in the state where the institution maintains an office that treats such intangibles as assets on its books or records.

Line 7 - Traveler's checks and money order fees or charges are located in the state where the traveler's checks or money orders are issued.

Line 8 - Receipts from sales of tangible property are located in the state where the property is delivered or shipped, regardless of the free on board (FOB) point or other condition of sale.

Line 9 - Receipts from the issuance of title insurance are located in the state where the insured property is located.

Line 10 - All receipts not specifically addressed above are located in the state where the greatest portion of income-producing activity is performed, based on costs of performance.

Line 11 - Enter total receipts (sum of Lines 2 through 10, Columns a and b).

Deposits Factor

Line 12 through Line 17 - The numerator (a) is the average value of deposits in Pennsylvania during the taxable year, and the denominator (b) is the average value of total deposits during the taxable year. The average value of deposits is to be calculated on a quarterly basis. Deposits are located in the state where the institution maintains an office that treats the deposits as a liability on its books or records. A deposit is considered properly treated as a liability on the books or records of the office with which it has a greater portion of contact. In determining whether a deposit has a greater portion of contact with a particular office, consideration is given to the following:

- Whether the deposit account was opened at or transferred to that office by or at the direction of the depositor, regardless of where subsequent deposits or withdrawals are made
- Whether employees regularly connected with that office are primarily responsible for servicing the depositor's general banking and other financial needs
- Whether the deposit was solicited by an employee regularly connected with that office, regardless of where such deposit was actually solicited
- Whether the terms governing the deposit were negotiated by employees regularly connected with that office, regardless of where the negotiations were actually conducted
- Whether essential records relating to the deposit are kept at that office and whether the deposit is serviced at that office.
