Dear Chairs:

As required by section 1804 (a)(3) of Act 193 of 2014, also known as the Organ and Bone Marrow Donation Credit Act, the Department of Revenue shall furnish an annual report to the members of the General Assembly within five months after the close of any calendar year during which tax credits granted pursuant to this act were used. The report shall provide information for each business firm which used tax credits during the preceding calendar year pursuant to this act, including the employer's name, address, standard industrial classification code and the amount of tax credits granted. In addition, Act 25 of 2021 expanded the reporting requirements of tax credits and tax benefits to allow for greater transparency. The report on the Organ and Bone Marrow Donation Credit is due 45 days after each program year. This letter is presented to satisfy both requirements.

The Department of Revenue hereby submits to the Pennsylvania General Assembly a letter concerning the annual reports on the tax credit. No tax credits were used by business firms during calendar year 2023, so there are no applicable data to report this year.

Sincerely,

A handwritten signature in cursive script that reads "Patrick M. Browne".

Patrick M. Browne
Secretary of Revenue
